

2020

1. Ayshath Munazila CM, Shirin Shahana KM, Merlin Rajan, Sandeep KR, Baba MR. Prevalence of foot and ankle pain among cleaning workers - a cross sectional study .Indian Journal of Physiotherapy and Occupational Therapy 2020; 14(1):37-42.
2. Jabir M, Padmakumar S. Relationship Between Anthropometric Parameters and Jumping Ability Among Male Undergraduate College Students- A Cross Sectional Study. Indian Journal of Physiotherapy and Occupational Therapy 2020; 14(1):124-127.
3. Menon VV, Baba MR, Pavankumar, Sneha S. Effects of Diaphragmatic Training on Posture and Stability in Asymptomatic Subjects: A Randomized Clinical Trial. Indian Journal of Physiotherapy and Occupational Therapy 2020;14(2):221-5.
4. Aysha LV, Smitha D. Correlation of Two-point Discrimination and Finger Dexterity with the Hours of Computer Usage among Computer Users in South India. Indian Journal of Public Health Research & Development. 2020;11(5):67-72.

2019

1. Arifa M, Thangadurai C, Ebrahim S. Effectiveness of Gaze Stability and Conventional Exercises on Balance in Vestibular Hypofunction Patients. Indian Journal of Physiotherapy and Occupational Therapy - An International Journal. 2019;13(2):95.
2. Smitha D, Arshad Muhammed. Comparison of Sensory Threshold in Healthy Adult Feet Using Semmes Weinstein Monofilament: A Cross Sectional Study. Indian journal of Physiotherapy and Occupational therapy 2019; 13(4):127-32.

2018

1. Baba MR, Muhammad AKM, Abdullah PN, Ramlath H, Hafiz AH. A Comparative Study on Alteration of Blood Pressure during Mechanical Intermittent and Continuous Cervical Traction. Indian journal of physiotherapy and occupational therapy 2018; 12(1); 58-63.
2. A Samson, P Pillai. Effect of Cluster Training Versus Traditional Training on Muscular Strength among Recreationally Active Males - A Comparative Study. Indian Journal of Physiotherapy and Occupational therapy. Jan-march 2018; 12(1):122-127.
3. Jassim Moidu, Yasir K, Muhammad Jabir C T, Shanis T S, Sameer P V, Shemjaz AM. Relationship between Anthropometric Parameters and Throwing Velocity among Male Undergraduate College Students: A Pilot Study. Indian Journal of Physiotherapy and Occupational Therapy. 2018 April-June;12 (2):14-45

4. Vijayan Lekshmi, Smitha D. A study to ascertain normative value for Two-Point discrimination ability for the lower limb among healthy Indian Middle-Aged population: A pilot study. *Indian journal of Physiotherapy and Occupational therapy* 2018; 12(4):11-15.
5. P Danishpaul, V Pais. Effect of Scapula Stabilizing Muscles Strengthening to Improve Throw-In Distance among College Level Male Soccer Players. . *Indian Journal of Physiotherapy and Occupational therapy*. Jan-March 2018; 12 (1):101-106.

2017

1. BabaMR, Shenoy RM, Soman A, Current concepts of SEAS (Scientific Exercise Approach to Scoliosis): Adolescent Idiopathic scoliosis (AIS). *Int J Cur Res Rev* 2017; 9(4): 33-37.
2. Baba MR. Efficacy of constant versus intermittent strength training to enhance the operative abilities in children with spastic Diplegia. *International Journal of Current Research* 2017;9(1) : 45073-75.
3. Sukumari S, Baba MR. Effectiveness of sustained muscle stretch with tilt table versus passive exercises in children with spastic cerebral palsy: a clinical study. *Int J Physiother Res* 2017;5(3):2039-44.
4. Meman SH, Pais V, Kalal BS. Physical risk factors for low back pain among young sedentary individuals - A prospective study. *Indian J Pain* 2017; 31:157-63.

2016

1. G Shine, Shaikhji Saad, Shaikhji Nusaibath, Abdul Rahim Shaik, S Padmakumar. Comparison of effectiveness of diaphragmatic breathing and pursed-lip expiration exercises in improving the forced expiratory flow rate and chest expansion in patients with bronchial asthma. *International Journal of Physiotherapy*. 2016. 3(2), 154-158.
2. Shemjaz AM. Diagnostic Accuracy of Various Imaging Modalities for Suspected Lower Extremity Stress Fractures: Letter to the Editor. *The American Journal of Sports Medicine*. 2016 Jul 1;44(7):NP32-3.
3. Shemjaz AM, Anuj T, Saddam MH. Awareness and knowledge of physical therapy among medical interns- A pilot study. *International Journal of Physiotherapy*. 2016 Jan 1;3(2):170-6.

2015

1. Sirajudeen MS, Pillai PS. Test-retest reliability of a questionnaire to assess the ergonomic knowledge of computer professionals. *International Journal of Health and Rehabilitation Sciences*. 2015. 4 (4):239-43.
2. Hashmi S, Shaik AR, Pillai PKS. Comparison Of Transcutaneous Electrical Nerve Stimulation and Kati Basti for Patients With Sciatica. *IJCRR*. (2015); 7(15): 44-48.
3. Shaikhji N, Shaik A, Saad S, Somasekaran Pillai, P. (2015). Prevalence of Work-Related Musculoskeletal Disorders Among Dental Students In Southern Karnataka District. *International Journal of Physiotherapy*, 2(3), 518-523.
4. Manhal, S Sirajudeen MS, Pillai PS, Nair HR, Marla J. Occurrence of shoulder disorders among postcoronary artery bypass surgery patients in India. *Arch Med health Sci*. 2015; 3:34-9
5. Saiyed MZ, Pais Veena, Shaikh A, Shemjaz AM, Pais S. Relationship of limb girth, segmental limb length, hamstring flexibility with vertical jump in male sports players *Int J Cur Res Rev* 2015; 7(4):72
6. V,S,T, Pais,V, Saad S, M,N. Correlation of low back pain with body mass index, functional reach test among female nursing professionals. *international journal of physiotherapy*. 2015; 2(6), 894-898.
7. P V,A, Pais V, Mohan,N, Saad,S, Shaikhji NM. Effectiveness of eccentric training, dynamic range of motion exercises and static stretching on flexibility of hamstring muscle among football players. *International journal of physiotherapy*. 2015;Vol 2(6), 1012-1018.

2014

1. Shaik AR, Shemjaz AM. The rise of physical therapy: A history in footsteps. *Arch Med Health Sci* 2014;2:257-60

2013

2. Sirajudeen MS, Pillai PS, Vali GMY. Assessment of Knowledge of Ergonomics among Information Technology Professionals in India. *Int J Health Rehabil Sci*. (2013),; 2(4): 192-197.
3. Sirajudeen MS, Somasekharan P, Maniyat SA, Kumar CGS, Khan I, Shantaram M. Strategies to reduce the risk of Work-related Musculoskeletal Disorders among Health care Professionals. *Biomedicine*.2013;33(1):4-8.
4. Sirajudeen MS, Somasekharan P, Maniyat SA, Kumar CGS, Khan I, Shantaram M. Strategies to reduce the risk of Work-related Musculoskeletal Disorders among Health care Professionals. *Biomedicine*.2013;33(1):4-8.

5. Bhatt Kaushal D, Dhoriyani Narendra B, Smitha D. A Comparative Study between Relaxation Technique and Aerobic Exercise in Fatigue during Chemotherapy in Acute Lymphoblastic Leukemia in Children. *Indian journal of Physiotherapy and Occupational therapy* 2013; 7(3):140-45.
6. Dhoriyani Narendra B, Patel Fagun B, Smitha D, Kagathra Shailesh, Bhatt Kaushal. Comparative Study of effectiveness of Balance Training with and without Visual Cues on Activities of Daily Living in Stroke Patients. *Indian journal of Physiotherapy and Occupational therapy* 2013; 7(3):285-90.

2012

1. Sirajudeen MS, Shah UN, Pillai PS, Mohasin N, Shantaram M. Correlation between Grip Strength and Physical Factors in Men. *Int J Health Rehabil Sci.* 2012; 1(2): 58-63.
2. Sirajudeen MS, Shah UN, Mohan N, Somasekharan P. Content Validity of a Questionnaire to Assess the Ergonomic Knowledge of Computer Professionals. *International Journal of Current Research and Review.* 2012; 4(11):114-121.
3. Sirajudeen MS, Somasekharan P, Shah UN, Mohan N. Content Validity and Inter-rater Reliability of a Checklist to Assess the Ergonomic Practice of Computer Professionals. *International Journal of Therapies and Rehabilitation Research.* 2012; 1(2):11-18.
4. Shah UN, Sirajudeen MS, Somasekharan P, Mohasin N, Shantaram M. The Association between Hand grip Strength and Hand dimensions in Healthy Indian Females. *International Journal of Current Research and Review.* 2012;4(2):36-42.

2011

1. Bansal K, Padamkumar S. A comparative study between the efficacy of therapeutic ultrasound and soft tissue massage (deep friction massage) in Supraspinatus tendinitis. *Indian Journal of Physiotherapy and Occupational Therapy.* 2011 Apr 1;5(2):80-4.
